1. John Hansford, a justice of the peace for York County in 1652,¹ died testate² about February 1660.³ He and Eliza Hansford are listed as headrights in the patent for Richard Hansford issued 22 Dec 1651 for a tract in Chickyack, Charles River County, abutting upon a branch of Capt. West's Creek.⁴ On 16 Dec 1653 he received a patent for 950 acres on the north side of the Narrows of Mettapony River adjoining Mr. Diggs for the transportation of 19 persons including John Hansford and Eliza Hansford.⁵ This patent was described as deserted by John Hansford in a repatent to Lt. Col. Robert Abrall on 8 June 1657.⁶ On 13 Dec 1658, Hansford patented 850 acres in York County including 75 acres on Capt. Wests Creek,⁷ which may well be the original tract patented by Richard Hansford. He probably married Elizabeth (—?—) about 1638.⁸ She survived him and married, as his second wife, Edward Lockey by 10 Oct 1661.⁹ Elizabeth named only sons William, Charles and Thomas; daughter Mary; grandchildren: Elizabeth, daughter of William; John and William Robins; and Mary, daughter of deceased son John; and goddaughter, Elizabeth Baskervyle in her will dated 4 Dec 1675 and probated 4 Jan 1675[/6].¹⁰ It is unclear why daughters Elizabeth and Mary were not named in her will as both appear to have survived

⁸ His sons John and William are described as the two eldest sons in his will. Since Thomas was born in 1746 this would suggest birth dates for them of 1742 and 1744 assuming no intervening daughters. It is likely that at least one of the girls was born before Thomas which would establish a circa birth date of 1740 for the first child.
